

# Art Education and Eco Awareness

## A Teachers Guide to Art and the Natural Environment

**\$20.00**

Organized around five fundamental environmental elements– land, water, sky, plants, and wildlife– this book uses inspiring fine art and plentiful hands-on art experiences to motivate students to look closely, think carefully, and find out more about the world around them. For Students K-12

# A Life in Landscape

**\$10.00**

**A Life in Landscape, a collection of short articles, is one woman's story of a passion for wilderness despite growing up in the landscape of a suburban backyard.**
